Loews Atlanta Hotel

LODGING IN LUXURY

This month, New York-based Exhale Spa will open at the *Loews Atlanta Hotel*, joining current hotspots Restaurant Eleven, Market Eleven and Bar Eleven on the premises. Chic but understated, the four-star, four-diamond property—which opened in March at 12th & Midtown—marks the first new-build Loews hotel to open in eight years. Inviting waves of industry to this happening Peachtree corridor, the contemporary mixed-use development boasts ample amenities, sweeping views and ultra pet-friendly accommodations. Offering 414 guest rooms and 52 luxury residences, the property features kosher kitchen capabilities, Audi Q7 TDIs as official hotel vehicles and the largest ballroom outside of downtown. 1065 Peachtree St., Atlanta 30309. COMFORT SHOPPING

A cozy layout makes *Artichoke Designs* feel more like a home than a retail space, which is one of this recently expanded store's most fetching draws. Dining tables and case goods display the shop's American-made inventory of rugs, dinnerware, jewelry, bath products, candles, pottery and even baby items. Best of all, every fabric item can be monogrammed, making this store a gift-giving haven. 2482 Jett Ferry Rd., Dunwoody 30338. (770) 901-8750; artichokedesignsinc.com. Also on our radar is *Home Studio Interiors*' recent relocation within Buckhead. The retail shop still doubles as a working interior design studio, and provides a sophisticated selec-

tion of furniture, art, fabrics, lighting and other accessories that act as an inspirational backdrop for you and the in-house design team to create a beautiful home. 414 East Paces Ferry Rd., Atlanta 30305. (404) 812-1507; homestudiointeriors.com —S.B.
