Introducing Chella's Venezia Collection

by Mick Tan, 16 March 2010

Chella's new Venezia Collection translates the finery, fluidity and kaleidoscopic color of a Venetian masked ball into three striking designs for modern living: San Marco, a Fortuny-inspired acanthus-and-vine design woven of lush chenille yarns that are sustainable; Murano Strie, a variegated spiraling of color evocative of the uniquely Venetian Murano glass-making technique; and Rialto, a solid awash in an 18-color spectrum that broadens the Chella color palette.

Inspired by Italy and woven in America, the designs are equally at home indoors and out. All Chella solution-dyed acrylic fabrics, sheers and trimmings are lightfast, machine washable, stain- and mold-resistant.
