This page: Mirrored walls reflect light and amplify space in the dining/meeting area. The chair cushions have shower-cap-style covers that slip off for cleaning. Opposite: In the entry, a collection of art glass from The End of History is displayed on backlit red-green-and-yellow shelves fabricated of Edge-Glow acrylic.

**flower power**

Green mirrored glass tops a custom Corian and lacquer table that Noriega-Ortiz originally created for Sean Combs. Primary-colored cushions update the timeless Tulip chairs, from Knoll.
